

2027 Championship Rules and Conditions of Competition

Registration and Participation

- Registration will begin approx. 14 days in advance for all regular Open Division Events. Registration will be done online at cvga.com
- Tee times will be blocked for each open event, and all players participating in the event must play within the specified time block. Check the website for tee time blocks.
 - Players may request tee times, but they must be within the open tee time block.
 - If you want the earliest tee time and somebody already has that tee time, you will be assigned the next available tee time within the block.
 - Likewise, requesting the latest tee time may not necessarily be the last tee time. It may be earlier or later (if the tee time block is already full) based on tournament participants and players who have already registered. We will fill the open tee time block times first before expanding beyond the assigned tee time blocks.
 - The very last tee time is generally reserved for the Open Chairman (if participating) to allow for serving as a starter for the participants.
- Players shall provide registration information to the CVGA Open Division chairman prior to competing in their first event. This is for the purpose of ensuring proper communication, player information, and categories for awards etc.
- By reviewing the conditions of competition, players seeking entry into a CVGA Open Division event will not hold liable the CVGA Open Division or any hosting golf course for injury or damage as a result of my participation in any CVGA Open Division events. Furthermore, players agree that participation authorizes the use of my name, image, and likeness for purposes of reporting results, CVGA related social media posts, submission to television and print media organizations, or the like.
- Any player may play in a CVGA Championship event. All players will play from the CVGA tee markers regardless of age, gender etc.

- Host courses should not allow local players (members) to start 20 minutes before the CVGA event and will wait until 20 minutes after the last CVGA tee time to allow local play to continue.
- Local players will be notified that a CVGA tournament is in progress and to plan accordingly for pace of play.
- Non CVGA tournament golfers will not be allowed to play on the course within the CVGA tournament.

Championship Entry Fees

- Entry fees for tournaments range from \$60.00 to \$125.00 with the following breakdown:
 - Green Fees - Variable Prize Money - \$27.00 CVGA - \$5.00

- The entry fee for the Tour Championship and Tournament of Champions is elevated, and other forms of pre-registration may be required for the tournament prior to the deadline.
- Skins game entry is optional and must be completed prior to starting the round. If no skins are won for a particular event, the skin pot will be carried over to the next event.  - The ball must be properly marked before being lifted and replaced.
- The starter will provide a copy of the course rules to each participant either on the first tee or via the website.
- A tie for first place to determine the overall champion will be broken by a sudden death playoff to commence on the designated hole within 20 minutes of completion of play.
- Designated playoff holes, and/or playoff rotation will be identified prior to the start of the round.

Tournament Scoring

- The CVGA will provide a starter for the first tee of each Open Event.
- Each player will be responsible for keeping their score, and / or the score for the players in the assigned group.
- Live scoring is mandatory. Players are required to self-verify their scores at the completion of the round.
- If using scorecards, players will sign and verify their score at the completion of the round at the designated scoring area and turn them in to the designated scoring official. All scorecards must be signed by the player and the scorekeeper before the scorecards are turned into the official scorer at the end of the round.
